Mercenary Writ

Steel. Coin. Reputation.

Unleash the sword-for-hire in your 5e campaigns.

Mercenary Writ delves into the world of professional warriors who fight not for crown or creed, but for coin. From small squads of veterans to sprawling companies with ironclad codes, mercenary groups bring tactical prowess and battlefield experience to any conflict—at the right price.

Explore their wide-ranging roles: defending caravans, guarding nobles, seizing strongholds, or carrying out shadowy contracts of intimidation, espionage, and assassination. Learn how profit-driven neutrality shapes their allegiances, while their codes of conduct—or lack thereof—define their reputation. Whether lawful and disciplined or chaotic and unpredictable, mercenary companies are forces that can turn the tide of war.

Write the contracts. Command the sellswords. Decide the cost of loyalty.
